

ARTIST'S BIRTHDAY PARTY

For this project, you will work individually. Your job is to create 5 presents that you would give a well-known artist if you attended their birthday party. Use the following criteria:

CRITERIA:

- ARTIST – you will randomly draw an artist out of a hat
- CONTENT – create 5 presents:
 - Each present should be unique to the artist and somehow represent something they would want or need.
 - Consider:
 - Place of birth, family, death.
 - What movement did your artist belong to?
 - What are they known for?
 - What are the artist's most significant works of art?
 - What important events happened in your artist's life?
 - Any other relevant information?
- PRESENTATION – reveal the items:
 - Each student will "open" their appropriately designed present box and explain each item.
 - I WILL NOT accept late presentations. You need to be prepared to present on the date listed...not running to your car because you forgot it, trying to present the day after, etc.
